

## Games of Chance

Follow instructions to make the origami card stand and/or make a paper football. Then have everyone take 3 chances at each game you play.

### GAME 1

Place a card in the origami card stand. Try to knock down the card with either a paper football or a Venture Society token.

### GAME 2

Flick the paper football into the Venture Society box.

### GAME 3

Try to get a Venture Society token onto a card in the center of the table.

What prizes do they win in the game if they succeed?

## How to Make an Origami Card Stand

1. Trim your paper to 6 inches x 6 inches.
2. Fold the bottom edge to the top edge and make a crease. Unfold.
3. Fold the bottom edge to the middle crease, followed by the top edge, then unfold both again back to a square.
4. Fold the right edge to the left edge and make a small pinch to mark the center. Don't make a full crease.
5. Fold the right and left edges to the center mark you made. Unfold.
6. Flip your paper over.
7. Fold the bottom edge to the **first** horizontal crease from the bottom.
8. Flip your paper over again, being careful to keep the folded edge at the bottom.
9. Fold the right and left edges to the middle. You'll see you've made a pocket at the bottom.
10. Refold the horizontal creases so you can tuck the top edge into the pocket flap at the bottom. All done!
